

GREAT ACTOR  
IRVING DEAD

Died After Giving Performance Last Evening

## PASSED AWAY IN HARNESS

Great Loss to English-speaking World—Sir Henry Was Preparing to Make a Final Tour to the United States.

London, Oct. 14.—The English-speaking world has suffered an irreparable loss by the sudden death last night of Sir Henry Irving, who was universally regarded as the most representative English actor of contemporary times.

Sir Henry died literally in harness. He was giving a series of farewell performances in the English provinces and this week was playing an engagement at Bradford appearing in several favorite roles. Thursday he presented "King Rene's Daughter" and "The Bells," and appeared to be in excellent health, taking the exhausting parts of Matthias in the latter play with all vigor of youth. Last night before an enthusiastic audience he portrayed one of his most characteristically intellectual parts, the title role in his own stage adaptation of Lord Tennyson's "Becket" with marked success.

After the performance Sir Henry returned to his hotel, reaching his room at 11:30 o'clock, when it was observed that he was in great pain. Physicians were immediately summoned but before they could arrive Sir Henry was seized by an attack of apoplexy, and expired within a few minutes, without having uttered a word, in the presence of Bram Stoker, who had been his immediate manager for many years, and a few other intimates. The event caused the greatest pain and consternation among the members of the company.

## Intended to Tour United States.

Washington, Oct. 14.—"Sir Henry Irving was looking forward with much enthusiasm to his coming tour of the United States," said Charles Frohman, his American manager, last night. "He liked the Americans and had many friends among them. It was Mr. Irving's intention to come to the United States probably two months in advance of the time for the opening of his season in the latter part of next October and just spend the time in visiting among them. His season was to cover a period of 20 playing weeks, extending over a large part of the United States and was to terminate at the Knickerbocker Theatre in New York city. It was to be Mr. Irving's farewell appearance in America and he wanted the opportunity to make his adieu to the American people."

## Get Charter 110 Years Ago.

Burlington, Oct. 14.—The 110th anniversary of Washington Lodge, No. 3, F. & A. M. was celebrated last night in a pleasing and fitting manner. Over 150 members and guests gathered at the lodge rooms to witness the exemplification of the Master Mason degree upon one candidate.

On October 13, 1795, the Grand Lodge of Vermont, convened in Windsor, granted a charter to 12 brethren under the name of Washington Lodge, No. 7, which afterwards became Washington Lodge, No. 3.

No other organization in this city except the university, chartered in 1791, antedates Washington Lodge. Vermont had been admitted to the Union but four years. It is estimated that at that date (1805) Burlington had a population of about 500.

## Taggart Gets Divorce Decree.

## OVER PRECIPICE WITH MEN.

Terrible Accident During Gun Practice at Fort Riley, Kan.

Junction City, Kans., Oct. 14.—Private Albert Laste of the 29th battery of field artillery, was killed during target practice at Fort Riley yesterday. Privates John Connelly and J. J. Simpson of the same battery, are thought to be fatally injured, while Privates Leary, Norman, Lancaster and Cline of the same organization are in a hospital with broken limbs and internal injuries. A large number of other artillerymen were hurt. The casualties were caused by frightened horses galloping over a precipice with riders and limbers.

The accident occurred north of Fort Riley. The 29th battery is one of the six making up the provisional regiment of field artillery at target practice. The battery's guns had been placed and its eight limbers, loaded with ammunition, were at the rear with six horses hitched to each limber. The drivers had dismounted. When the battery was ready for firing a large red flag was run up on a staff as a signal to the range party at the targets to get out of range of the guns.

The wind blew the flag out in the faces of the horses, and they stampeded at once. Some drivers succeeded in getting into saddle, others were dragged, but most of the drivers were left behind. The horses dashed over a small cliff and went down in a mass with their riders.

The address of the president was purposeful and convicting. After a short school of methods conducted by Dr. Shaw, the convention was brought to a close in a consecration service by Pastor Treat.

## STOLE FOR EXCITEMENT.

Joseph Benoit Will Live the Simple Life For Two Years.

Burlington, Oct. 14.—Apparently perfectly oblivious to the seriousness of the charge against him, Joseph Benoit, who was arrested for stealing a team which he hired from B. F. White, the liveryman, was before Judge Mower yesterday and whenever spoken to he smiled as though the affair were nothing more than a boyish prank. Benoit is in reality little more than a boy, his age being 21 years, and his understanding of crime is evidently very limited.

AUTOS RACED  
MILE A MINUTE

Frenchman Won Great Race at New York Today.

## BEFORE 100,000 PEOPLE

Hemery Made 283 Miles in Four Hours, 36 Minutes and Eight Seconds—Heath Was Second and Lancia Third.

Mineola, Long Island, Oct. 14.—Hemery, driving an 80-horse power Darraq machine, today won the international auto race for the Vanderbilt cup which is emblematic of the American road-racing championship. Heath, driving an 120-horse power Panhard machine, was second, and Lancia, driving an 120-horse power Fiat, was third. The winner's elapsed time over the 135 mile course was four hours, 36 minutes and eight seconds. Heath came pretty close to him with four hours, 39 minutes and 40 seconds.

The two first are French and the third Italian. All three were four cylinder cars. The American racers were scarcely in the race.

One hundred thousand people were lined up this morning when the nineteen autos, representing the United States, Germany, France and Italy started on the 283 mile course. The race was ten times around a somewhat difficult track, 28.3 miles long. The first starter was Janzety in his 120-horse power Mercedes; he got away at 6 o'clock, and was followed at intervals of one minute by the others. The start was without incident. Lancia, who started fourth in his big Fiat, covered the first round in the time of 23 minutes and 49 seconds. Janzety ran him a close second in 24.52. Lancia led on the seventh round, having covered the distance in two hours, 49 minutes and 54 seconds.

Although Lancia finished third, that position was given to Tracy in a 120-horse power Locomobile, in elapsed time. The seventh round was full of surprises. Heath came with a rush and took second place, passing Hemery and Szisz. In the next round Hemery passed Heath, and Lancia lost the lead by stopping for tire repairs. Nazaro also passed Szisz and at the end of this round the six leaders were Hemery, Heath, Nazaro, Szisz, Tracey and Lancia.

## Accidents of the Day.

On the second round Lytle's machine skidded and his machinist was thrown into the ditch and badly hurt. Lytle was unhurt. Foxhall Keene ran into a telegraph pole and was thrown out, but escaped serious injuries. His machinist was badly hurt. Wagner, who started third in the race, slipped the gearing at a railroad crossing on the third round and withdrew.

## SHOOTING CLERK RELEASED.

Sheldon Man Who Killed a Burglar, Not Held for Trial.

Sheldon, Oct. 14.—The identity of the burglar, shot to death at an early hour yesterday morning, while in the act of robbing the store of the Jenson & Gallup company, is still shrouded in mystery. Eugene M. Trudeau, the clerk who slept in apartments above the store and who killed the burglar with a well-directed shot from his gun, was yesterday afternoon, after a formal examination, discharged from custody on the grounds of justifiable homicide.

Trudeau was arrested yesterday afternoon by Sheriff S. B. Thomas and taken before Justice George Stebbins for a hearing. The state was represented by State's Attorney Austin and the defendant was represented by I. N. Chase of Fairfield.

The accomplice of the dead man, known to have been present by the foot prints about the building where the killing occurred, fled when he fatal shot was fired and although an alarm was sent out and officers have been on the watch for him since, he has not been apprehended.

There was evidence that a man had run away from the scene, probably frightened by the shooting. A man was seen with the burglar killed when the latter was in East Fairfield Tuesday. This companion was about 30 years old, five feet and ten or eleven inches tall, and weighed about 150 pounds. He wore a dark suit and a soft hat. His dark moustache was closely clipped.

Deputy Sheriff Sturtevant yesterday afternoon visited a barn near East Fairfield and found that some one had spent the night there. The tracks about the barn were smaller than those of the dead man here, and confirm the theory of an accomplice.

ENGULFED  
BY BIG SEA

Vessel Ducked and Scooped Up Tremendous Wave, Which Swept the Steerage Deck—Vessel Reaches New York.

Quarantine, N. Y., Oct. 14.—The Cunard steamer Campania, which arrived last night from Liverpool, shipped a sea on October 11 which resulted in injury to a large number of steerage passengers and the loss overboard of five or six. About one o'clock in the afternoon the steamer suddenly lurched to port and scooped up an enormous sea. The sea boarded the steamer amidships and completely swept the steerage deck. About thirty passengers were injured, some seriously. One young woman had both legs broken, several passengers had their arms and ribs broken, and one of the crew was also injured.

At Ballard's steamship agency in this city no information has been received today, and no Barre passengers were known to have been on board.

IMPROVEMENTS AT  
EMERGENCY HOSPITAL

Under New Management It Is Filling a Need of the City—Two Physicians Now in Charge Have Had Valuable Experience.

In the short space of time since the Barre Emergency hospital came under the management of Drs. Miller and Clemens, great changes for the better have been noted, and the public is coming to be more and more interested in the success of this institution.

No city in the state is in greater need of a good hospital than Barre. It is the purpose of Drs. Miller and Clemens to have the hospital so equipped and conducted that every citizen may be proud that they have such an institution in the community and can give it their support.

Of the two men now in control of this institution, Dr. Clemens is a graduate of the Albany Medical College, class of 1903, and has practiced in Gloversville, N. Y., his home city, until coming to Barre last May. While practicing in Gloversville he was elected city physician for the city board of health. Dr. Miller graduated from the Miami Medical College of Cincinnati, Ohio, in 1901. He has practiced in Kennebunkport, Me., and Covington, Ind.

There being two physicians connected with the hospital, there will always be one or both of them present to answer calls, as they are doing a general practice besides the hospital work. About \$400 worth of equipment has been added to the hospital during the last month and still more will be, as circumstances warrant. Every citizen can do much toward making the hospital a success and to fill a much-needed want of the city.

## CAUGHT BY ELEVATOR.

Joseph Judici, Employed at Miles Block, Had Close Call.

Joseph Judici, a fifteen years old boy who runs the elevator at Miles' Granite block, had a very narrow escape from serious or fatal injury yesterday afternoon, shortly after four o'clock. It seems that a party of boys tried to play a trick on young Judici. When he had taken a passenger up to the second floor and let her out of the elevator, he found his cage going up without his pulling the rope. He did not know what caused it to ascend, but he tried to get back in time to stop it. As he stepped up to catch the ascending car he caught his toe and fell with his head caught between the cage and the wall. He went up two stories in that way, bumping each floor as he came to it, and when nearly at the top he managed to wriggle his feet loose and catch the rope with his toes, holding it and thus stopping the car. The boy's head was jammed in so tightly that he could not get out, and some of the occupants of the building had to take him by the feet and pull him up through the top of the shaft, with his head downward.

He was taken to Dr. O'Donnell's office in the Eastman block, and his bruises dressed. No broken bones were found, and only comparatively slight bruises were made in his scalp and neck, although how he escaped more serious injury is a mystery.

The Harrison Granite company has secured T. W. Russell and Rowe Morrison to take charge of their local interests. The former has been in their employ, in a responsible position, for some time, and the latter recently resigned his position with Drew Daniels, the Waterbury granite dealer.

HARDLY KNEW  
A SICK DAY

Barre's Oldest Resident Died Early Today

## AGED NEARLY 97 YEARS

Sarah Prentiss Ayers, Mother of Mrs. W. A. Perry, Was Hale and Hearty Up to Last Tuesday When She Contracted a Cold.

Mrs. Sarah Prentiss Ayers, the oldest resident of Barre, died very suddenly at three o'clock this morning at the home of her daughter, Mrs. W. A. Perry of Perry Place. Mrs. Ayers would have been 97 years of age next February. She had never known what it was to be ill.

A week ago she sat out on the piazza all the afternoon. She caught a slight cold, but it was not severe and she was so well last Tuesday that Mr. and Mrs. Perry went to Boston. They were notified Thursday evening that Mrs. Ayers was worse and they returned to Barre yesterday. Mrs. Ayers knew her daughter when she arrived home, but lapsed into unconsciousness soon afterward, from which she could not be roused. She remained in that state until the end came about three this morning. It was thought probable that a slight shock was sustained early this week as one evening she lost the power of her limbs for a short time so that she had to be helped into bed. But there apparently was a recovery from this, although it probably left her heart weak.

Mrs. Ayers was born at Acworth, N. H., 96 years ago last February. Her parents removed to Plainfield, Vt., 87 years ago and there she was married to Mr. Ayers. They came to Barre 41 years ago and lived several years in the building (recently burned) just north of Fred Kings' jewelry store which was later used by O. H. Hale as an auction room for a long time.

Eight years after coming to Barre, Mr. Ayers died and his wife and two daughters removed shortly after his death to the Alvin Drury place on what is now Prospect street, the house being the brick building near Page Brothers' stable. The daughters married, and seventeen years ago Mrs. Ayers went to live with Mrs. Perry, her younger daughter. The other daughter, Mrs. Lucina Dudgee, died three years ago. Mrs. Ayers has always been very hale and hearty and her death comes as a great shock.

The funeral will be held at the home of W. A. Perry Monday afternoon at one o'clock and the burial will be in the family lot at Plainfield Center.
